General information

LOF is short for “Lucius Orchestra & Friends”. The orchestra is meant for people who play an instrument (woodwind, brass, percussion, string) and who are registered in International School Lycée Michel Lucius. *The students of the other schools in Limpertsberg are welcome to join as well.*

The students are given the possibility to play music with people their age. In that way, playing their instrument will become a fun social activity. In addition, the students are more motivated to continue *solfège* and they can take part in the different concerts organised throughout the academic year.

Participation

Every student who is interested in participating in the orchestra during the 2018/2019 academic year has to fill in the enclosed registration form and send it back to the people in charge (*service éducatif* of Lycée Michel Lucius) before the indicated deadline.

The required level to be accepted into LOF is to be enrolled in 3rd year (instrumental lessons) at least. Every student who has not yet passed the exam *2e mention* has to attend his/her instrumental classes regularly for the duration of the entire academic year. If you fail to do so, is an exclusion criterion.

Rehearsals

In order not to get in the way of the students’ everyday lives the orchestra meets before end of term holidays. Enclosed you will find the exact dates for the first term; you will gradually receive further information by post.

It is clear that *solfège* and instrumental classes and any kind of class at the *Conservatoire* or at a music school have priority over Saturday rehearsal. With this exception, we would ask you to prioritise LOF over everything else.

During rehearsal, which will be in the *salle polyvalente* at Lycée Michel Lucius, the students’ presence will be checked in order to avoid unexcused absences.

Program

Every year the music teachers choose a program which is adapted to the level of the orchestra. This will be a mix between new pieces as well as pieces which were already played the years before. In that way, the young musicians will have new challenges as well as be confident when playing the pieces they already know.

This is a list of the concerts planned for this academic year:

- small concert for the parents at the end of the first Saturday repetition (late afternoon)
- Gala concert at the “*Forum Geesseknäppchen*” (2nd term, evening)
- Summer trip

Orchestra committee

The LOF committee consists of students and of the people in charge of the orchestra. The main roles of this committee are organising events (concerts, tour, post, etc.) and the communication between the people in charge and the students. The members are therefore given the opportunity to be part of a committee and in that way, take on more responsibilities. In addition, they might find the motivation to become active in other clubs as well.

If you are interested in becoming a member of the committee, you have to fill in the enclosed form and hand it in with your registration form.

Contact

In order to get more detailed information, please contact the people in charge of LOF.
